RACING FORMAT

Racing will start at 9.30am both days.

1, Juniors Specials, 2, 3, 5, Junior F600, 7, 9, Junior Saloons, 4, F600, 6, Stockhatch, 8, 10.

Each driver will race three heats consisting of four and three quarter laps. Points from all three heats will be added together to determine who the top eight point scorers are. The top eight point scorers qualify for the class final. In the event of a tie in points scored, a run off will occur between the said drivers. Once the top eight point scorers have been determined they will participate in the final which consists of seven and three quarter laps.

Following each final, all eight finalists will be invited to take part in a parade lap of the track.

The winner of each class will then be entered into a staggered start, Champion of Champions race.

Following the conclusion of all the finals and the Champion of Champions race there will be an awards ceremony.

How did you celebrate the championship win?

The first thing I did was to call my mum and dad who was watching on YouTube at home, also lots of hugs with family and friends! And not forgetting a celebratory can of cider on the way home!

Who or what inspired you to get into racing?

It was actually our neighbour Ian Lawrence N441 who introduced my family to racing in 1998 and then the legend grassing grandad Derek Poole took my eldest brother Andrew N25 under his wing and that was it, grassing was for life! Andrew has always been a massive inspiration to me and I really want him to come back racing!

What's one song that's definitely on your pre-race playlist (even if it's embarrassing)?

My playlist is very questionable at times! But the one song that was stuck in my head at last years nationals was tricky disco by Discotronic!

Who would feature in your fantasy race line up?

Ohhh tricky one! I'd have to say jade Russell, Lisa Almond, Heifena Evans, Mandy shaw, Jo Thompson, penny smith, Nicola saint and myself! That would be one epic race!

Any rituals or routines before a race?

It's normally all abit of a rush trying to sort the kids out and then getting ready to race! If I have time then I'll listen to music and then once I'm down on the line I'll always double check the steering wheel is locked in place, check my harness is tight and then mess around with my goggles to make sure everything feels comfortable.

If you could feature in any movie what would it be?

Days of thunder!

CLASS 5 NATIONAL CHAMPION 2024

MICHELLE ELLIS S33D

How did you celebrate the championship win?
 We actually came home on the sunday after celebrating at the field, but we did something that's started as a tradition which Ollie & Sarah Howell do every monday after a race meeting, we have sausage egg chips & beans (that Tom cooked)

Who or what inspired you to get into racing?
 It just happened really, i was showjumping at the time, my sister had been to a few meetings (to watch with friends) and decided to buy a class 1 and it went from there, i decided i wanted more horse power.

What's one song that's definitely on your pre-race playlist (even if it's embarrassing)?
 This is a tough one for me Its Alex Warren "Save me a Seat" I knew Mum was with me all weekend as usual but this one was special on home turf.

Who would feature in your fantasy race line up?
 Fantasy line up, mixed race!
 Kate Featherstone, Heifeina James, Boss Hogg, Terry Brown, Sandra Jones, Nicola Grice, Stormin Norman.

Any rituals or routines before a race?
 The fist pump from my boys

If you could feature in any movie what would it be?

CLASS 6 NATIONAL CHAMPION 2024

SARAH TROTT IK64

How did you celebrate the championship win?
 I didn't have a big celebration after the win - just a few drinks during the presentation. Jonny did treat me the following weekend to a meal and cocktails.

Who or what inspired you to get into racing?
 I used to go and watch Autograss as a child - my dad wanted to build a class 1 mini, my brother wasn't too interested, so I decided to take up the challenge and haven't looked back.

What's one song that's definitely on your pre-race playlist (even if it's embarrassing)?
 I don't have a pre-race playlist—unless you count the kids' songs permanently stuck in my head. Nothing like rolling up to the start line with "Wheels on the Bus"

Who would feature in your fantasy race line up?
 I think everyone who races are fantastic, I've got huge respect for everyone who races—they're all brilliant. I don't have a fantasy line-up as such, but if I could line up against anyone again, it'd be Jonny. A rematch in a Yaris Cup? I'd be all in for that.

Any rituals or routines before a race?
 I don't really do pre-race rituals—unless you count a hit of nicotine and a strong coffee to give me a buzz of energy.

If you could feature in any movie what would it be?
 It would be the Hangover, I've always fancied gate crashing a stag do, I'd probably be the one stirring up the trouble, missing a tooth and having a tiger in the bathroom.

COMMENTATORS

KEVIN HURDMAN CLASS 9 AND JUNIOR SALOONS

I have been asked to write a few words about myself for the program so would like first of all to express my thanks to Jordan and the team here at Evesham Autograss club for giving me the opportunity once again to commentate at the Ladies and Juniors championships.

For those of you who know of me but don't know me, i'll share a little bit more. I have always enjoyed hard work leaving home just before my 17th birthday to work in a fruit and vegetable shop before setting up on my own on a market stall. This didn't go quite to plan due to a misunderstanding with the tax man so I gained meaningful employment with a multi national company for a couple of years until our disagreement was settled. By this time I had met the love of my life Helen and with her support I went back to market trading and managed to survive and keep on the right side of HMRC for the next 35 years. Helen set up a training centre for adults with learning disabilities 16 years ago and I have been gainfully employed by her for the last 7 as a support assistant and I have to say it's the best job in the world.

We have been married for 41 years (yes she is a martyr) and have 2 children and 4 (soon to be 5) amazing grandchildren and one is racing this weekend.

My racing career if you can call it that started around 35 years ago in class 1, then 6 and 5 winning absolutely nothing before taking to class 10 but I still love it. I've been a committee member, Club and League Chairman and was the founder member of UKAC committee but have now stepped back from the political side of the sport to enjoy my racing.

I enjoy commentating at club ,league and national level and am always honoured to be asked and am really looking forward to being part of the team this weekend.

I wish all competitors luck for the weekend and hope you all have a great time.

LIAM WILLIAMS - CLASS 8 & 10

Having grown up in the sport of autograss from a very young age just spectating, I first started commentating at this very venue at the end of the 2010 season when I was 14.

Regular commentators Kevin Hurdman & Steve Langley were not in attendance so it was announced over the mic that they would be looking for some help.. after a bit of encouragement from dad & a £5 bet later, I decided to go in & do one race. 1 race became 2, 2 races became the first heats, the first heats became... (you get the picture). 15 years & a whole lot of waffling later, here we are.

It's no secret I have slowed down a lot on the commentary side of things over recent years, however it is always an honour to be asked to do the pinnacle meeting for the ladies & juniors.

Hopefully myself & my fellow commentators keep you entertained over what is going to be a cracking weekend. Good luck to all the competitors taking part. I'm sure you'll put on an awesome show for everyone watching!

GARETH JONES - CLASS 4 & 6

Well here we are once again... Another Evesham Nationals, although unless i'm completely mistaken, it's my first Ladies and Juniors on the mic at this venue!

I'm Gareth Jones, which I'm sure by now the majority of you will know. If I'm not on the mic, you can be pretty sure that i'm around the track somewhere with my camera taking shots (www.greenlightphotography.co.uk) or most recently, i've started recording podcasts (available on Spotify) which give a little bit more insight into the lives of the ones who are most important in the sport of National Autograss Racing - the drivers!

Coming to Stratford has always been a calendar highlight for me. From when I was a young kid - when the centre of the track became a parc ferme overnight and the club used an Union Jack board to start the races on the finish line - to more recent times where an increasing amount of alcohol fueled antics have taken place, it's fair to say this venue, formerly Dodwells, but now the John Wilkin Raceway holds so many memories and stories. Hopefully this weekend will create more for us all!

So, a little bit about myself, well, what can I say... In terms of work/career, I'm currently a TA in training to be a qualified primary teacher.

I have four nieces and nephews, Ella, Hari, Efa and Jac who even on the most rubbish of days know how to make me smile! I like watching Comedies, love a stand-up, and do a bit of lyric writing occasionally. I do enjoy a frame of Snooker every now and then and support the Scarlets mainly when it comes to a Rugby Union. In terms of music, I listen to a variety of acts and artists - it's fair to say I have a very eclectic mix on my playlists!

I'd like to thank Evesham and the officials for inviting me to be part of the commentary team once again, it really

does mean more than anyone thinks!! As always I will do my best to entertain the crowds and hopefully do justice to each driver here this weekend.

And especially for Nick Apps... "Its time to begin, Now count it in...."

STEVE LANGLEY CLASS 1 & JUNIOR SPECIALS

It is a great honour to be asked to commentate at the Ladies and Juniors National Championships, as it is an event that never fails to provide close action-packed racing.

Since re-locating to Mid Wales several years ago, combined with work and other commitments, I do not get to visit this superb venue as much as I used to so it is really good to be back here.

You can blame the British weather for the main reason that some of you have had to listen to me waffling on at Autograss (Jalopy) meetings for somewhere in the region of 45 years! It all started at a very rainy Radford meeting at Hanbury, where having gone there via motorbike and getting very wet, I decided to answer the 'does anybody fancy a go at commentating, even if you haven't done it before' call, given that it meant somewhere dry to sit. I obviously wasn't too bad as I got invited back to do it again and so it began.

I'd just like to hope everyone has a most enjoyable weekend at the John Wilkin Raceway and to wish the best of luck to all competitors. The one thing that can be guaranteed is that we will have 15 very worthy National Champions by close of play on Sunday.

SCOTT JONES - STOCKHATCH & F600

I'm Scott aka Scotty Boy, I've been racing 305F 'The DAF' for the last 5 years now. I first got involved with commentary when I was 12 years old. We were at a local Forest meeting and they had no one that wanted to do it, so they put me in the box and a few people said I was pretty good at it and it has continued from there. I now commentate at most meetings and I am part of the UKAC commentary team. For me Autograss is the best sport in the world due to the people involved. Everyone is always willing to fly in and help anyone when they need it, we are just one big family. That's why I love being apart of it.

GARETH MATTHEWS CLASS 7 & JUNIOR F600

This will be my 4th Nationals commentating, and my 2nd Ladies & Juniors Nationals, and have been commentating on the UK rounds for about 6 years. I have been around Autograss from an early age and have raced for a number of years also, with my son Grayson hopefully starting in Junior Specials soon to become the 3rd generation of Autograss racer in the family. Eedie is not so keen on taking part but enjoys the weekends away. Good luck to all the competitors over the weekend. Gareth

GRAHAM BENNETT - CLASS 2, 3 & 5

Consultant and car builder at BBgem, former Nationals, UK, BAS and 2 x MAP Open champion. I've enjoyed many years of building cars and supporting the sport wherever I can whether in a political stance or continuing to help with moving the safety of autograss cars and securing the future. I have now taken to the mic again in the last few years after a short spell in my late teens early 20's. I'm thoroughly enjoying giving people a drivers eye view of commentating sometimes controversial but always willing to listen to both sides of any argument. The women and juniors in our sport can only be described as some of the best talent in motorsport full stop not only the juniors competing at such a young age and the women by far equaling the men in the challenge of competing at the very highest level. I'd like to wish all ladies and juniors the very best of luck this weekend and as always I'm very grateful to be asked to be a voice on the mic on your journey BB.

THANK YOU

Many thanks to Paddy for the use of the coffee machines this weekend.

Thanks as always to Paul at P R Photography for the fab images throughout the programme and around the venue.

CLASS 7 NATIONAL CHAMPION 2024 JULIE HAWTHORN FERNIHOUGH R176

How did you celebrate the championship win?
I celebrated at the track after racing with my very close friends and family who were present. I want to thank my husband Simon for the dedication & support to make our car the very best, the hours he's spends to make it perfect is second to none !! Further celebrations carried on when I got home on the Monday with my family that couldn't make it.

Who or what inspired you to get into racing?
My dad Dave got me started in racing. I've been in the sport since I was a baby, so don't know any different. He was a true legend and champion at racing and always will be to me.

What's one song that's definitely on your pre-race playlist (even if it's embarrassing)?
Any Wurzles song !

Who would feature in your fantasy race line up?
Every class national champion from the previous year ladies & men, it would be one hell of a race !!
